August 2, 1962 ~ September 6, 2023

Our most sincere sympathy for the loss of such a lovely person. What a wonderful tribute you gave. I wish I had known her myself. I have heard wonderful and sometimes entertaining stories of a loving, blessed family. She may not have been able to fulfill the organ donation but she definitely made a difference in many lives, it sounds. Enjoy reminiscing and keeping her memory alive through your words and good lives. Prayers and blessings for you all. We grieve with you.

Karla made a big impression on our daughter during the short time they overlapped at BioKids. Karla could always make her smile and cheer her up when she was feeling down. She made every child feel welcome and loved.

Karla cared for our son at BioKids - they started the very same week when he was only 4 months old; they quickly developed a special bond. She became his favorite caregiver at daycare and her love made it so much easier for us to leave him in her care. She loved both our kids and we all loved her. She will always have a special place in our hearts. We are so sorry for the loss!
