I just wanted to let you know how sorry I am to hear of Kameo’s passing. She was the kindest person I have ever met. She was such an example to everyone. She showed us all how we all should treat everyone. She will missed by some many. I feel so blessed to have met her.

- Hollie

I have no doubt that my parents were the first to greet her when she passed. She was very special to the both of them, as she was to all of us. I always enjoyed spending time with Kameo when I would do her hair. Little did I know at the time, that she would become a hair stylist herself (and a much better one!) Steve ran in to Kameo and Leland in the pet aisle at Smith's shortly after their wedding. He was asking them advice on the best way to feed our cat. Im not sure if they were buying food for fuzzy wuzzy, or a different cat... but he remembers it being a funny encounter over cat food. We are so heartbroken, and still in shock that she was taken from this world so soon. We wish we had the right words of comfort to help you through such a difficult time. We feel very blessed to have had Kameo born in to this crazy family of ours. She will be incredibly missed, but we are comforted knowing that we have another angel looking out for all of us ... without a doubt the most stunning angel heaven has ever seen ■

When I heard the news of Kameo's passing, I could not believe it. I am still in the denial phase because this is not the natural order of things. It is too soon to say goodbye to her. When I joined the family I was introduced to Jen's cousins. Our families were close because we did a lot of fun things together while the kids were growing up. We had fun exploring, hiking, camping, fishing, and just hanging out with Laurie, Yume, Kameo, Cierra and Chloe. Kameo helped us start our family by being one of the flower girls at our wedding. The last time I saw Kameo was at the most recent family reunion at Christmas. I was happy to see her and meet her new husband Leland. They looked happy and in love. They also looked like they had just stopped in the middle of a home renovation project to come to the reunion with paint on their hands and arms. I asked what they were up to and they said they were painting their home. I offered to help but they politely declined because I think they wanted build their dreams together. Sadly, their dreams need to be put on hold for a little while until they are reunited again. Thank you Kameo for being a part of our lives. She will be cherish in our hearts. Our thoughts go to Yume, Laurie, Mark, Cierra, Chloe, and their extended family.

Kameo brought so much light to my life in middle school when we became friends. She is so witty and always made me laugh. Kameo never brought anyone down, and always loved her friends unconditionally. She was and is a true example of a love and friendship.

I'll always remember beautiful Kameo and the amazing times our families spent camping together as kids. I can picture her clearly—sitting in a dusty foldout chair around a campfire with all the adults, far away in some desert campsite. She was so mature and thoughtful even back then. When we saw her briefly this past December it was clear she had found so much happiness, and I'll remember it forever. I hope peace and comfort will come to you from all the love that surrounds her and your family.
