

Kathleen Louise Pike

September 29, 1950 ~ July 14, 2024

Kathi was one of my earliest acquaintances as I began late in my life in the business of theater and performance. We were just one year apart in age and shared many joyous moments on the stage at the old Pages Lane Theater under the tutelage of Ralph Rodgers. Kathi was delightfully fun and had an amazing soprano voice. She was loving and kind and a true friend. I have nothing but fondness in my heart for her. She will be sorely missed.

We so enjoyed our interactions with Kathi and her brother Tom and their entire talented loving family. Our sincere condolences to the family. Diana and I serve in the Jordan River Temple Fridays so will regrettably miss the services that day■■

No one can sing Climb Every Mountain like Kathi! Her beautiful voice brought joy to so many and her kindness to all. She will be sorely missed.

Kathi was (is) truly an absolute "0ne of a kind"! Our friendship and association goes back MANY years. I first became acquainted with her and her remarkable talent at the old Promised Valley Playhouse. We performed together in numerous shows. We traveled together throughout the western United States with the production of "3rd Nephi". Her talent was only exceeded by her kindness. I don't think she ever realized just how good she was (is). If she had an ego I never saw any evidence of it. Her presence on a stage was for the purpose of making everyone around her look and sound good. I cherish my memories of this remarkable and gracious woman. RIP dear friend!

Richard and I send our love to the Pike family. We have rich memories and thank you for your examples. Kathi was dear to us. I would always feel honored when she would ask me to play the piano for Relief Society when she was out of town. But really, who could substitute for a Pike! One of my favorite memories is when I took my granddaughter, Sarah, on her birthday to see Kathi in The Sound of Music. On occasion, I received a handmade card from Kathi. One day in church Kathi said she would like us to be her surrogate grandparents. We watch the funeral live. What a beautiful tribute.

Dearest family. It’s always sad for me to miss out on these things. I didn’t know Kathi had died until just now. The last I heard she had beat this cancer. It breaks my heart to think of her suffering. She was always so smiley and running around seeing to everyone. She sent me birthday cards and came to my brothers viewing—all of which touched me deeply. I’ve always thought of the whole family with the deepest love and highest of respect. It’s an honor to. Bare your name. I watched every minute of the funeral. Hopefully we’ll see each other again and this time without death dividing us. Love. Norma
