Teressa, Our prayers go out to you and your family. We are truly sorry for your loss. You are close to our hearts and we love you. We will keep you and your beautiful family close to our hearts. Katrina had a beautiful bright smile and is even more beautiful in heaven. I hope you and your family find comfort knowing she is with you all as a guardian angel and even though it doesn't make the hurt go away, my son once said to me: "Mom, God needed a beautiful, strong angel to guide us down here ". It made me smile and I knew he was right. We are always here for you and your family. Love always, Tiff, Haidyn, Kye, and Dallas!

I was an intern the University of Utah in Internal Medicine in 1990/91 and I was involved in her care two different months, 1 was in the ICU and 1 on the medical floor. I've thought of Katrina many times over the years and googled her name a few times just trying to find out what happened to her. Today I found her here, I'm sorry for that but I'm also very happy to learn that she was able to go on to a full and meaningful life. I felt sorry for her in in all that she went through during her time at the University hospital. I went to a different hospital at the end of my internship and I suspect she was still in the hospital by the time I left. Katrina was instrumental in helping me learn a lot that I needed to learn as an intern. I have never forgotten her, my regret is that I didn't get to see her graduate out of the hospital. Heartfelt condolences to her family and loved ones, Kevin McCurry, MD Mossyrock, WA
