

Billie Lee Baker Coulam

November 16, 1929 ~ May 6, 2023

Your Mom is one of the greats, She was important in so many lives, growing up with such a special lady as part of my life was a pleasure! Even though I hadn't seen her in many years I remember her like it was yesterday. Love to the whole family. My Prayers and thoughts are with you all.

- Mary Holbrook

My memories of Billie are many. We began our marriages together and our lives were combined living in the same apartment building. Bill and my husband, Don were best friends. We shared our first condo in Palm Springs and a home in the Springs in Rancho Mirage, California. As I see her lovely picture, her smile is still the same one I know so well. I tried to get in touch with her at her assisted living quarters and she did not respond to my calls. I pray for all of you.

- Joleen Willey

My memory of Billie will always be the welcoming smile whenever I saw her and the love instilled in me forever for Springer Spaniels. I love you and your kids.
