

Kaye Evans Foss

March 12, 1937 ~ August 23, 2023

One of my most favorite cousins Kay was such a hoot. I loved our get togethers at the Downey house with rest of the family. Her sense of humor was more than a little twisted. Haaa I’m going to miss her. Carter my thoughts are with you. Blessings

The Evans family was so special and near and dear to my family, as my mother, Anna Taylor Stewart, grew up with Carl and Flossie in beautiful Downey, Idaho. As I was growing up I spent many a delightful hour with the family at their home in Tooele, Utah and the Cherry Creek ranch. I idolized Kaye and Sheila and Jan. I so wanted to grow up to be just like them, especially Kaye and her wonderful artistic ability. Several days ago I took a trip down memory lane and thought of all the fun, fun, fun times I had with this wonderful family, not knowing at the time that beautiful Kaye had passed away. To all of you who survive, I wish you peace as you mourn. I would pray that you can remember all the good times and be grateful to be part of such a marvelous family.
