

Kelly S Richardson

January 21, 1978 ~ April 5, 2025

Kelly and I worked at Tecan although different parts of the country we commiserated and shared our experiences with problems, bosses, customers and the challenges of the job! Kelly was very talented and professional! Im sure his customers enjoyed working with him. A great guy, always fun to talk with. Smart, witty and as I remember him, always had a smile on his face! My deepest condolences to Kelly's family and friends. RIP my friend. Proud to know you!

Kelly was one of my customers at ARUP for about 5 years until we got him onto the Tecan team. I was excited to have him join up with the group of guys we had. At every company event there were a few of us who always hung out together. We were hoping to all get together this year so it is a devastating grief to know we won't see him again. Kelly was an all around good guy. Always looked forward to hanging out with him. I'm fortunate to have known him and will remember him with admiration. My condolences to his family.
