I've known Ken (Kenny) since Plymouth Elementary. He was always such a kind, polite guy with a smile for everyone. I've bumped into him numerous times in the 'hood and I smiled for days afterwards. He made such an impression on everyone he met. My prayers are with your family to find peace and comfort at the incredibly sad time. He

My heartfelt condolences on the passing of Ken. We did business together for many, many years. Though we have never met in person, I have enjoyed many phone conversations with Ken over the years. I will miss those conversations.

We all loved Ken so much! What a wonderful example of Christ-like love for everyone. He taught my children and they all still speak of him with love and kind thoights. And not just because of the never ending supply of treats that would magically appear from his pocket. We will miss him greatly.

My deepest sympathies to your family for your loss.

I only knew Ken from Smiley Ave. Where we would take our Nuclear gauges for repairs. He was always so humble and pleasant and giving. Much love and honor and prayers to his family.

I am so sorry to see that Ken has passed. I am sending my heartfelt condolences and prayers to his wife and family and to his dear mother. I worked with his father, Dannie at Nuclear Testing Service with my lab for many many years. When Dannie passed, I worked with Ken many years as well. Ken and I always loved to joke with each other. He was a good friend to both of my son's, Derek Anderson and our son that passed, Ken. He will be dearly missed by us and so many others who thought the world of Ken. I know that his passing will leave a big hole in your lives always. May God comfort each of you in his arms and help you on this temporary journey without him. Know that he will be waiting patiently to greet each of you when your time on earth is through. We love you Ken, Rest in Peace buddy. You are a giant hero and you endured your trials greatly to the end.■■■♥■♥■■

I’m so sorry to hear about Ken ■ He was a wonderful person. I brought him my Troxler for years and he helped me with so many things about radiation. Thank you for everything Ken… may god be with your family at this time. We lost a wonderful person ■ RIP Thank you! Diane’s Testing Service

To know Ken was to love him. He has been our neighbor for 12 years now and we just love him. One of the things I remember most about Ken was his loving nature and concern for me and everyone in my family. He would ask how they were doing and really wanted to know. He loved having Tootsie Pops on hand to give out to my kids and other neighborhood kids just to make them smile. He will always be in our hearts and we love him and Tammy and their family.

- Carolyn Franklin

I’m a friend of Ken’s daughters and he has always been such a sweet, loving, funny, hardworking man. We will all miss his supportive and positive spirit. Sending all my love and healing energy to Ken’s entire family, Tammy, Cassidy, and Lindsy through this difficult time. May he rest in peace.
