Blake will be missed , I remember the first day at Churchill Jr high he took me -Alison on a tour of the school our family has been dear friends for many years . We love you all and have you in our prayers always.

- Alison and John Fairbanks

Cindy my heart breaks. When I learned of Blake’s condition from my son Nic and from Brad I just couldn’t believe it. We had become more than business associates but friends and confidants as well. I bought my first VW from Blake upon his return from his mission when his office was a cubby hole at the downtown VW dealership. He bought his first New York Life policy shortly thereafter. Dang, it is so hard to believe. In my many years in business, I came across very few honest business men. I found Blake and Brad to be two I could rely on for their candor and honesty. He spoke of you and the kids frequently. He loved you so much. God Bless. Dave

Dear Strong Family- I send heart felt condolences to you all. Words don’t adequately express all the emotions that we feel when we lose a loved one. May Heavenly Father bless each of you with comfort and faith that you will reunite with Blake again one day. ■Sherry Russon
