Bonnie Jeannine Pedersen Kilgrow

June 6, 1928 ~ August 7, 2022

When I was a teen and working with Danny at Uniroyal, busting tires... I ended up with nowhere to live and Bonnie took me in for a spell. She was going through some really rough stuff at that time and holding down a home full of kids. I remember her being a kind woman who didn't question my presence in the home at all. I remember she baked the most delicious bread in cylindric canisters... I'll never forget those wonderful round slices of bread. My condolences to Danny and the family for their loss. Heaven is a place suited for people like Bonnie.
