

Bonnie Lee Williams Clark

February 1, 1946 ~ April 4, 2026

I’m grateful for the influence Bonnie had in my young life. I spent time in her home in Draper as he was my Blazer Scout leader. I hope for peace and comfort to her family.

- Tyler Allan

My condolences to the Clark family. I was young when I was in the same ward as the Clark's and didn't know Bonnie well, but know the loss of a mother and my heart goes out to her family. May the Lord bring comfort to you.

- Tina (Talbot) Anderson

Just wanted to let you all know how much I loved Bonnie. She was always kind. I am so sorry for your loss. Prayers are with all of you. May you be comforted through this difficult time. Peace be with you. ■❤■ love Gloria Day

- Gloria Day

Bonnie was such an amazing influence in my life while I was growing up. As a teenager, I was in the Clark home almost every day with Amber and her brothers. John and Bonnie's home was a safe landing place and she was always kind, and welcoming to the constant stream of teens that her kids brought home. She was an incredible cook and showed her love through her cooking and baked goods. I loved Bonnie's sense of humor and am grateful for the many little kindnesses she showed me. She was a true follower of Jesus Christ and showed it in her quiet acts of love and charity for those around her. I pray that your family will feel the Savior's love and comfort at this time.
