I was one of many that was blessed to have Aunt LaRae mother them. She made me and many others feel like one of the family. I remember going to Lagoon and playing skeet ball with Aunt LaRae and getting lanterns. She and Uncle Don collected them. So many memories on the Freemont. And, I had the great opportunity of having Aunt LaRae as a coworker. She was a confidant and a friend. I'll love you forever Aunt LaRae. Till we meet again. My heart is with her amazing family. I love them like my own. My most sincere condolences to all of you.

There are so many memories, great times camping at the Fremont, her cooking most of the day smiling the whole time. Going to the rodeo. The wonderful stories of the good old days that kept us laughing all night. We sure will miss her and are so thankful for all she and Uncle Don and their wonderful family have done for us throughout the years. Lots of love forever ❤■ Scott and Linda
