

Larry Eugene Curtis

February 6, 1935 ~ May 24, 2025

Knowing we must all leave mortality makes the passing of people we hold dear a little easier. But losing those who have impacted our lives immeasurably, always pulls at the heart strings. Larry was one of the most authentic friends I have known. He never brought attention to himself and always showed an interest in others. A life well lived as a disciple of Jesus Christ is a tribute and one he solidly earned. He will be dearly missed.

- Sharyn Heiner

Dear Marilyn, While looking for an obituary for another friend I ran across this for Larry. We extend our sincere and deepest condolences for the loss or your dear eternal companion. We are grateful for the many years of friendship we have all had together, and pray that you are well, and the peace of God's eternal plan of happiness will sustain and comfort you. I tried to call on Larry's phone number, but you may have already had it disconnected. We hope you will receive this message.
