

Lawrence Stephan Kennedy II

~

My Condolences.

- John Kennedy

Larry, I love you. I always will and I have. I have many great memories with you, as well as disagreements. And that was so neat, despite the passion we had in differing views, we had even more respect and love for each other which allowed us to carry on our relationship. Thank you for the memories and for introducing the world to your amazing daughter who will do great things. I love you, brother!

Stephanie, I am so sorry for the loss of Little Larry. I think of your family often. I am sorry for losing through the years especially being a godparent. I hope your children are well
