

Brady B. Hansen

March 26, 1987 ~ March 30, 2021

I first came in contact with Brady when he joined the "Team Stella" Facebook page. This page was started in honor of "Stella" who was an injured dog so friends could pray for and support her family. The love these people showed to each other was infections and when Brady joined he became a very active important member, always giving a comforting word to someone else who was going through what he went through with his beloved Kizzi. I was always impressed with his love and gratitude and he inspired me. He even gave me suggestions when I made a trip to Moab last fall. He was just a great guy! My heart goes out to his family while they grieve his loss. May the memorie of such a beautiful soul comfort you in the years to come! 'In my Fathers house are many mansions. I go to prepare a place for you!"

My heart breaks for your family Brady and it breaks for you not understanding or knowing at all what you were going through or fighting mentally.. I met you when you were dating my good friend, Emily! You were always so hilarious from what I remember... it’s been years!!! I hope you are reunited peacefully with your father, and I send love, healing, and some form of peace during this time to your family and fiancé. ♥■
