Dear Annette & Family, I am sad to learn of your father's passing. Having personally worked with Lee professionally for many years, his humility and amazing meticulousness to detail is a trait not readily found in our world today. May your family's loss be tempered, knowing the joy of family members who have patiently awaited his arrival on the other side of the veil. May Christ's gift of His atonement and resurrection provide a small portion of peace to you, his grieving loved ones.

Mike Jan & Annette, What wonderful tributes the 3 of you are to your Dad. We are privileged to have many happy memories through the years with him and your Mom. Sending our prayers that you continue to feel peace. Big hugs to you too. Love, Marv & Carole Helt
