Sending my most sincere and heartfelt sympathies at the passing of your Mother / Grandmother. I've lost both and know how deep the emotions run. Thank heaven for memories and a knowledge they're with loved ones and watching over us. I'm so grateful we got to spend just a few minutes with her over the holidays. What a sweet lady. Sending much love. Denise (Robby's Mom).

Dear Marcia- So sad for the loss of your mom. I got to visit with her a few times lately. She told me that she thought the people who surrounded her were celestial people. Our ward really loved your mom , but she always gave us more than we gave her. What a great testimony to enduring to the end. Miss you - Lynne

I never had the honor of meeting Lila in person but knew her through her very loving son Bruce's admiration. His love for his mother and him being the sweet, giving soul that he is I know came from his sweet mother and father. Loving his mother as he did he spent every day for the last 10 years being her sole caretaker. Bruce take comfort in that you were there for her when she needed you most! That your father is so grateful for your stepping up and being there for his loving wife 24/7 when he could not. That they are both looking down from heaven with much love and gratitude for you! You were their angel on earth. Now they are your angels in heaven. You are such a blessing!! Many condolences to the rest of the family.
