Monica Sorensen Babcock

October 30, 1983 ~ June 11, 2018

Monica was 34 years old when she passed away peacefully with her family around her. She loved so many things in life. She enjoyed creating artwork such as paintings, had a broad range of musical taste and thoroughly loved music, had a passion for movies and acting, and liked to dance. Her sense of humor was great and she was so smart. Monica was such a super fun and outgoing person who could make friends anywhere she went. She was always willing to share and had a huge and caring heart for her friends and family. She thrived to please those she loved and loved them deeply. She will be sorely missed but never forgotten for she was liked and loved by so many. May you be at peace now and forever our dearly beloved Monica Heather.
