

Brian Peter Hudson

October 30, 1960 ~ November 18, 2022

Phil, Lori & Kathryn- Brian holds a special place in so many hearts of people he met along this life's journey. I'm grateful to him for showing me a side of nature I never would have discovered had our paths not connected. So many others feel the same about him. ❤■

- Debbie Dujanovic

Kathryn and Family, I am so sorry for the loss of Brian, and the painful last few years where his health significantly declined. It is a heartbreaking disease and so hard for family to watch the changes mentally and physically. I am sending you prayers for comfort and peace. Love, Angela

- Angela Ulintz

As I reflect on hundreds of emails and text messages exchanged with Brian the past 15 years, I am realizing what a profound influence he had not only on my career, but me as a person. I cherish our time we spent together. Prayers to his family and children.
