

Brian Thomas Johnson

August 2, 2006 ~ October 14, 2025

May the lord be with you in this extreme time of sorrow. I am deeply sorry for your loss and moved by this young man's life lost too soon. May you all have comfort and peace.

- Sandra

I am so sorry for your loss. Sending peace and love to your family.

My boys have hundreds of hours of memories growing up with Brian as neighbors and friends. You could be watching them play football in the park, riding bikes and scooters around the neighborhood, and playing in their young, but mighty rock and roll band. As they grew into young men, Tayte got to share their common bond of music while he was on stage and Brian played in the pit for several musicals at their HS. Brian was extremely musically gifted and had a very witty sense of humor. We were beyond saddened to hear about this tragedy as Brian was most recently a young man of resilience, perseverance, spiritual strength, and passion. We know this truly helped him to find peace and hope. May his legacy of all of his life live through the music we all enjoy. Fly free our magical song bird. Big hugs to his entire family.

- Carrie, Tayte, Gabe, and Kelly

I remember helping Brian's parents Mark & Bobbi move to their new home in Maricopa. I spent half of the time moving, and the other half playing with Brian, and his brother Dylan. Judging the summersault contest. It is saddening to hear the passing of a such young man full of potential. My condolences to his family.

Such a sad loss to everyone who knew Brian. In my thoughts and prayers.

- Beth

Our deepest love and prayers go out to the Johnson family. Brian is an amazing person. We had the privilege of knowing him as a young boy. Our eldest daughter and son were close friends with Brian and Dillan in WA. We have such fond memories of them all playing together. He was so talented and was taken far too soon. God must have some amazing plans for him to have taken him home so soon. He is and will always be greatly missed. Love; Steve, Melissa, Elorah, Ethan, Eva, & Emberly Reslock

We are so terribly sad to hear about Brian and cannot begin to imagine your heartache. No parent should ever have such a loss. Our hearts and thoughts go out to you.
