

Brooke Pitcher Denton

May 31, 1980 ~ June 28, 2025

We are all so saddened by the loss of Brooke. However, I’m so grate to have known her. She was always laughing. I will forever remember that fun laugh of hers and how she beamed with light whenever talking about her kids. She was such a fun and loving person. The world is better off because of her contributions in life, and her enduring memory in those she loved. Thank you Brooke.

Dear Pitcher Family, I am so deeply sorry for your loss. Brooke will always be remembered as one of the kindest, most genuine people I've ever known. I'll never forget the day of my naturalization ceremony. she was there with some of your family, cheering me on and even giving me a beautiful bouquet of flowers. That simple act of kindness meant the world to me, and it perfectly reflected the kind of person Brooke was. Please know that I'm holding you all in my heart during this difficult time. Sending my deepest condolences and warmest hugs to each of you.
