

Bruce William Gallacher

June 27, 1945 ~ January 10, 2023

I had a good fortune to have Bruce as a co worker and then foreman at UP&L. He was a good good man.

My heart is sad to lose this amazing uncle of mine!!! He had such a quiet, but genuine way to him that truly was always an example to me. I'm SO glad I got to visit with him last summer— such a sweet memory to hold on to! Keeping you all in my prayers! Love, DeeDee

My heart is heavy with the loss of such an amazing man. I am grateful for the sweet memories I will always treasure with Uncle Bruce. I cannot think of the cabin without thinking of Bruce and the good times we had. We still refer to the squeaky bed as "Uncle Bruce's bed". He was always there for our family through the good and the bad and I am grateful for his example of love and service to each of us. We love you all!

What an incredible man! I loved reading more about his life. He certainly was one that left an impression on my heart, getting to know him at the end was a gift. I love you all.

Dear Kim, Brian, and Kurtis, Thinking of your dad and you guys brings me such joy. The best times of my childhood were spent with you all camping and carrying on in Midway. Bruce and your family were such an example of good values. I am saddened for your loss. Your dad was a really wonderful person and great influence on me. Take care of each other. I hope the love for your dad brings you comfort now. We are all very lucky for the time we had. Love Always, Julie.
