Dear Worthington Family, This was a hard one to hear about. Bryan was a great man, I saw him working out at the new airport about a year ago. We had a good conversation about life, and how everything was going. It never once crossed my mind that this moment in time would be the last time I’d get to see the man. You have a great brother and son, and he was always one of the most real, and down to the earth friends that I ever met.
