

Bryce Kenneth Bird

May 4, 1983 ~ August 12, 2023

With thoughts and prayers with you at your time of such great loss. May the Lord bless and keep you in your hours if grief!

- Ralf and Sandy Henkel

I have such good memories of Bryce. He was the cutest kid growing up and always a soft-spoken, sweet soul. The world was a better place when he was in it. I'm so saddened by his loss but mainly I'm saddened by the loss his parents feel. I have no idea what it is like to bury a child, but I imagine it is the most agonizing thing a person can experience. Gay and Steve, you and your family are in my prayers and thoughts right now. There are no words to take this pain from you, except maybe those words uttered to a loving God who literally and figuratively knows what you are going through. He alone can provide the balm to help you endure this anguish. I love and think of you both so much right now.

- Tamra Back

Steve and Gaylynn and family, We are sorry to hear about your cute son. You are in our thoughts and prayers. Love you, Mike and Ginny Shell

- Ginny Shell

We are so sorry for your loss.

- Ron & Kathy Carter

Bryce was the nicest guy. He had the best smile. He was always genuine. He was easy to be around and to talk to. I was so glad that my son Danny and Bryce were cousins and had the chance to grow up together. There is so much love for Bryce and his family.

- Debbee Back (Aunt)

We just want you to know that you have been in our prayers. This is a hard time for you but you have family that cares. Even though we couldn’t be there we were able to see the service on zoom. What a great legacy our families left us. Know we love you and are praying for the peace that the gospel brings for you and yours.

- Karen and Dave Suisse

I worked with Bryce between 2019-2021 at HealthEquity. I am so grateful that I got to know him and work along side him. Bryce was the ever stalwart example of constantly striving for excellence and hard work. He had a calm and genuine personality and was always willing to lend a hand or share his advice. He was such a great example to those around him and I greatly admired him for these and many other qualities. With all my heart felt condolences. RIP good friend. Until me meet again in the mansions of heaven.
