

Cale Todd DeHart

October 5, 1975 ~ November 20, 2023

Loved serving with him in Chicago. Such a wonderful heart and love for the Lord

- Daniel Tobler

Cale I am really going to miss you. I enjoyed the time we've grown up together through the time spent going to school, church, and scouts. And being a close neighbor. You were always a great friend. And the time spent with you will never be forgotten. Rest in peace my friend.

- Jason Burt

Sad news for sure. Cale will be missed by many. He touched countless lives in the Chicagoland area and I'm sure a great many throughout life. Sorry to hear of his passing he was a genuine person filled with so much good!

- Daniel McKeehan

I only caught the end of the service. I was notified of the passing and service just this morning. I want to echo everything that was said about that great man. I met him in Elgin, IL as we served together there. By far one of my most favorite companions. I was privileged to be invited on a couple rafting trips just as he got home. A Steve Miller concert and back north to Idaho for a Middle Fork run. I have thought of him often and my family knows him well from stories of our time together. I will forever regret loosing contact with him as our lives moved on. So much more I wanna know about him. I truly loved that man. Elder Searle

- Cody Searle

Sending my sincere condolences and genuine love to everyone in the De Hart Family.

- Todd Dana

Cale- It has been a couple years, but I’m finally taking your funeral program off my wall in my kitchen where I’ve looked at it every day. I felt bad I didn’t get to say goodbye to you. Thanks for treating me like a sister and for all the good stories around the campfire. You made me smile every time I saw you. Love you. Catch you on the other side.

- Brynn Candell
