We have lived across the street from Mary for the past 13 years and have been blessed to know and love her. Our small children loved to go visit and play with her toys while Mary chatted with us about her children and grandchildren of whom she was always so proud. She has been so kind and generous to us, as I know is the case with so many people with whom she has kept in touch with and cared for over the years. Please know of our great love for her and in turn for her family as you are grieving her passing. Love, Merissa, Jason, Otto & Vivian

Mary will be missed so much. I love her so much. She was like a grandma to me. She never forgot to send me a card for my birthday and gave the best hugs. I loved visiting with her and Wilf, before he passed, in their home and just talking about life. I know how much she loved her family and friends and I personally will miss her more than words can express.

Dear Teuscher family, Words cannot describe the feelings I have in my heart for your mother --- she was my second mom. I will always treasure the memories of our time spent together--- making / eating pancakes, sharing stories and our weekly + phone calls. She was a great lady with much love in her heart and was always willing to serve in any way she could. Her family truly was the most important thing in her life---she was always concerned about each of you--how you were doing and if there was anything she could do to help each of you. I know she is really excited to be with Wilf, but she will be greatly missed. Thanks so much for sharing her with me. Sincerely, Peggy

I am grateful for Mary Teuscher! She, and her family have influenced my life for the better! I will miss visits with her. She, her husband Wilf , and their sons have all made my life better. They share a common interest of the love of the outdoors. Time spent with them in out of doors as well as social gatherings will always hold dear to my heart and in my memory. I know she is with Wilf again and has a huge smile on her face as she walks by his side in the Spirit World. I thank my Heavenly Father for my association with Mary and her family. Thoughts and Prayers to each of you. Tyler Allan

Love you guys. Aunt Mary is an amazing person who I was always happy to be with. I loved taking Lorna to see her and get them telling stories of telluride and there adventures together. We will miss her a lot But what fun for her to be reunited with all those who have gone before us. Love you. You are in our prayers. Mark & jodi Ford

Oh Sweet Mary, my memories of you working with my Mama at Juliette's are full of fun, laughter and Love. Always a good time when Mary was around. I have the best memories of you while doing inventory count at all the different stores. Your wit and charm and kindness will never be forgotten. To Mary's children, grand children and great grandchildren, I'm sure this loss is so big. All my Love to you and your family during this time. I sure wish we could be witness to the reunion of your dad and her beloved Valerie . May God grant you Peace in your broken hearts. All my love and condolences, Cindy Loyola Cologna
