To the Welch family hold Calvin’s success and all the memories created close to your heart’s to help get through this tough time. My condolences to the Welch family.

I was introduced to Cal via my wife Kashlee and her family to which her father Arlen was his brother. Cal's wife Karla is one of my favorite people, always welcoming and warm towards me and I feel for her during this time. I enjoyed the banter between Cal and his brothers on the many hunting trips I was fortunate to be apart of over the years. Cal's love for the outdoors was unquestionable and I will miss him when we are out camping in the future. His love for his family was very apparent and I pray with his passing they find comfort during this difficult time. Fortunately I was able to spend some quality time with him recently. For this I feel very fortunate. God bless you all.

I worked with Cal for years in the HVAC/Boiler shops at the Draper Prison. He was a great guy and for a time was my supervisor. He would talk of his adventures with family and friends snowmobiling, boating, and hunting. Cal loved his family. I am so glad he was able to get out and continue spending time with his family in retirement.

One of the best families on the planet. They are such a great example of the importance of family; of enjoying and being with family. So sorry for your loss -it is heartbreaking he left so young. Karla, Shyann and Shilo- you are wonderful friends that I love to pieces. I am here for anything you need. Love, prayers and thoughts of you at this time

- Celeste Giron

Cal was always going up and beyond to keep the heat going at the Prison. Including in the accessory buildings outside the fences, like the dairy and the meat plant. You could not ask for a more dedicated employee. We had some great talks over the years. Best regards to his family.

We are so saddened by your loss of Calvin. Growing up in Park City was such an amazing and loving time, knowing all of our neighbors, schoolmates and wonderful friends, like the Welch family.

I just learned of the passing of my cherished friend and esteemed supervisor, Cal. I extended my most heartfelt condolences to Karla, your son and three daughters as well as Cal's extended family and friends. I had a brotherly love and highest respect for this exemplary man. I worked under Cal and Arlen for eight years at the boiler room. Never in all of my time with Cal did I ever heard a cross word from him. He was always jovial and shared many of your family outings with me. He spoke lovingly and proudly of you Karla. It was my son who sold that gray Ford to him which one of you girls was driving when a person pulled out doing a u-turn in front of you. He was always telling me about Shane's and you girls' activities. I was delighted to do a lot of genealogy for you Karla's and Cal's ancestors. Cal and I had shared the same office so we shared many things with each other about our families. I attest to how much love he had for you Karla and your family. I always knew he loved the Lord and restored church. He lived his testimony of the Gospel. I just wanted to share a perspective of Cal that he was at work. I feel blessed for the privilege of getting to know Calvin through him about your family. I know he'll be missed, but I know that each of you know that families are together forever.
