

Mary Louise Hansen Coles

January 12, 1929 ~ September 17, 2024

I loved your Mom. Mary Lou was the best. I really missed her after she sold the house and moved to Sugarhouse. So happy she can be with Mike again. I am leaving Friday morning for Colorado to be with family so I won't be able to tell you personally how much Mike and Mary Lou meant to Dave and I -- Two very special people! This is a crazy time. Dave died in April so I know just how crazy it really is. Much love! Jill

What an amazing mother, wife, and example for her wonderful family! Her legacy and example to others will always be felt. May you all be comforted by knowing you will see her again. Warmest condolences during this time of loss. Shaun & Suzee Mower

Janie Rogers and I were Mary Lou's visiting teachers for many good years until she moved from the ward. Going to their beautiful spotless home and spending time with such a beautiful, upbeat, organized, kind, delightful woman was always a highlight!! I well remember how fast she recovered after her hip replacement--you couldn't keep her down for sure!! She was always happy, forward looking and such an amazing example!! Janie and I decided early on that we wanted to be like her as we aged. My husband Wynn and I visited them where Mike lived several times, when it became too hard for her to take care of him at home. I remember she was keeping busy making crocheted hats for babies as fast as she could--so like her! Janie and I came out to the very nice condo after all of you had furnished it. She was very happy about being there regardless of going through all the resettlement issues!! We actually called at the beginning of this month to come out and see her but of course we didn't know she'd moved for the last time. Sweet Goodbye to a dear friend and an amazing example of everything good!! Thanks for the memories sweet Mary Lou. Pam Johnson
