BayLee Bassett Parks

July 29, 1998 ~ November 30, 2015

\"Once upon a time, there was a great warrior sent down from heaven. Now mind you, this warrior was very small in stature- but huge in spirit. She battled the evil forces of childhood cancer for over 7 years! She fought valiantly-bravely-with super strength and GRACE! She taught the WORLD these values. Finally, at 17 years old, she won her battle. She now flies free with the other warriors. Giving their strength to the many children and their families battling cancer. Love, light, positive energy and prayers. To be continued....\"

BayLee is survived by ALL that had the privilege of knowing her! In lieu of flowers, any who would like to honor BayLee\s legacy and further her superhero efforts are encouraged to donate to the local foundations of Children and the Earth and Angel Hands.
