

Hendrix Louis Lee

August 8, 2025 ~ August 10, 2025

Our beloved son, Hendrix Louis Lee, was born on August 8, 2025, and passed peacefully, surrounded by love, on August 10, 2025. Though his time with us was heartbreakingly brief, his presence left a lasting mark on our hearts.

Hendrix's arrival into the world was sudden and intense, and from his first breath, he showed us the depths of his strength and determination. Despite the challenges he faced, Hendrix fought bravely for every moment of his life. His spirit was fierce, his presence pure, and he was deeply loved every second he was here.

Hendrix will always be his mother Ruth's greatest joy, his father Dakota's deepest pride, and the treasured little brother of Presley and Teddy—loved beyond measure in every heartbeat, every memory, and every moment to come. Hendrix is also profoundly loved by many grandparents, aunts, uncles, cousins, and friends who will carry his memory forever.

Hendrix was welcomed into heaven by his uncles, Stetson Lee and Dmytro 'Troy' Luke, whose love now surrounds him in that perfect place. We take comfort imagining them holding him close, sharing the beauty of guitars, the wonder of cars, and the kind of love that never ends. Just twelve days before him, his great-grandfather, his namesake and kindred spirit, Louis Petryshyn, had also passed away, and though they never met on Earth, Hendrix Louis Lee carries his great-grandfather's name and legacy with him forever.

He was further embraced by a chorus of loving angels who came before him: his cousin Cordelia Casper; his great-grandparents Ruth Petryshyn, Fred Luke, Dorothy 'Dottie' Luke, Janet Luke, Harold Lee, Kathie Snyder, and Irene Calveri; and his great-uncle Shawn Sevey. Though his time with us was brief, we find comfort picturing Hendrix cradled in their arms, surrounded by their love, laughter, and guidance, welcomed as one of their own into the warmth and peace of heaven.

We are deeply grateful to the remarkable NICU team at Primary Children's Hospital, and to all the medical professionals who cared for Hendrix with unmatched skill, compassion, and love. Their tireless dedication gave us the priceless gift of time with our sweet boy. We also extend our heartfelt thanks to the extraordinary staff at Riverton Hospital, whose swift, life-saving actions and exceptional care of Ruth during such a critical moment ensured she could be present to love and honor her son.

We find comfort in knowing that Hendrix is now safe and whole, surrounded by peace and love. While our hearts ache with his absence, we will forever be proud to call him our boy—our joy, our gift, and our brave little warrior.

Services to celebrate Hendrix's life will be held on Saturday, August 16th, at Larkin Funeral Home (3688 West 12600 South, Riverton, Utah 84065).

His viewing will be from 10 AM - 11 AM, with the funeral service from 11 AM - 12 PM.

His Graveside Service will be at 1 PM at American Fork Cemetery (26 W. 600 N., American Fork, UT 84003).

Forever loved, forever ours.

“Fly on, my sweet angel.”
