I was so sorry to hear that my dear friend Carma has gone and join with her dear husband who left this earth not so long ago. I guess she missed him terribly. Carma was one of the sweetest lady that I ever met. She was an example in my life. Many time she rode with me up town when I was going to the Family History Library and she was going to work. We got along well with each other. And her children grew up with our children in the old Granite community. But as you know, death is the beginning of Eternity. Her Spirit is alive and well. You, her children and family are in my prayers for your peace and comfort, but I have not doubt that on the other side of veil, there is welcoming party for her from the loved ones who have preceded her. May God bless you with peace and comfort. With Love, Yvette Longstaff
