I'm very sad that my uncle Mike has passed away...during my childhood he helped me alot I didn't spend much time with him in my adult life but I loved him very much. I will always remember that out of everybody he always called me Dale!! My love to my aunt Wendy, cousins Nick and Rush. R.I.P.

Mike, I will always be grateful to you and Wendy for your caring and love. We didn't get together much as cousins especially since I'm the baby cousin but our times together do bring back good memories. Wendy and Marjorie I'm so sorry you have to go through such hard times. I love you both. Mary

Uncle Mike, There’s so much I wanna say, I don’t know where to start! If I could’ve picked my father, I would’ve chosen you. You were a father to me when I was little, & you’ve always been my favorite. I always felt loved, accepted & protected by you. You were always blunt & to the point & I lived your humor & opinions. You protected my mom as best you could, & when she was gone you were there for us & that meant the world to us. I feel so lucky & proud to have had you for the best Uncle ever! I wish I could’ve had more time with you, but I’m forever grateful for the time I did have. The girls & I love you so much & we’ll miss you! Love, Tiff-nick;)
