Michael and Kellie were a perfect match, 2 peas in a pod and just an all around electric couple! Kellie, I’m so immensely sorry for this tragic loss. You are Michael’s angel and I know he’ll be watching over you and your family. His big hair, bright smile and short shorts will be greatly missed! Sending Love and Prayers to you all, BUBBLES!

To Michael’s Family, My heart is incredibly heavy as I write this. I recently learned of Michael’s passing, and the sadness I feel is deep and personal. Michael was more than a best friend to me — he was a brother in spirit. I had the privilege of living in Utah about 10 years ago, and it was during that time that our bond truly formed and flourished. We met nearly every morning as workout partners, and what began as shared fitness goals quickly evolved into something much more meaningful. Our conversations spanned everything from family and business to cars and the joys of everyday life. There was never a dull moment with Michael — only laughs, motivation, and a contagious zest for life. It’s no surprise we connected so deeply — we were born just a day apart, and that closeness seemed to echo in every part of our friendship. Michael’s presence was a gift: he was inspiring, positive, and always uplifting. He didn’t just talk about a good life — he made others want to live it better too. I had the joy of getting to know his beautiful family, and I want you all to know how deeply I admire and respect you. Michael often spoke about you with so much pride and love. He truly cherished his family. While it’s incredibly hard to accept that he’s no longer with us, I find comfort in the belief that God called him home for a higher purpose. Michael’s light was bright here, and I have no doubt that it shines even brighter now. May you all find strength and peace in the days ahead. My thoughts and prayers are with you, and please know that Michael left an unforgettable mark on my life — one I will carry with me always. With love and deepest sympathy, Rich
