

Mignon Sheriff Griffiths

June 20, 1934 ~ October 7, 2022

I have only fond memories of "Sister Griffiths" from my growing up years, the second mother to all of us on Princeton Ave. During the "good old days" she was always a pillar of strength and balance and contributed to keeping the neighbourhood swirl enriching and safe. I was blessed to reconnect with her in my adult years and our conversation picked up as though only a week or two had passed. As an adult I was able to get a view of her and her gifts with new appreciation. Her children, grandchildren and great grandchildren are a fitting tribute to a life of care and nurturing. My condolences to the family for her absence and celebrate with you in a small way the wonder of a long life well-lived. Matthew Hosford

Our condolences to Mignon's family I remember her from a long time at the church. I am so glad to have known her and her smile and friendship. May you find peace and comfort.

- Robert Monson

Mignon - a true angel on earth. This is proven more by the wonderful family she has. We share the gratitude for her life and the joy she must enjoy now with Don. With love.....

- Floyd and Alison Griffiths

Dear Griffiths Family, Oh, for the good old Yalecrest Ward days. How we loved your Mom and Dad and the rest of you. I loved your Mom, we had lots of tending for each other and some good times together. She was so clever and with a wit that just goes on and on. We often said we were like cousins, we don't see each other for five years but pick up our conversation right where we left off. She touched my life in so many ways and she blessed others the same. Our love to you all and our sympathy at this time. It is just hard to say goodbye for now, but so glorious for your Dad and Mom. Dick and Delores Horton and family

- Delores Horton

What a wonderful friend and teacher Mignonette was to me. I had the opportunity to visit with her during a yearly phone call we would have We always got caught up on old friends and reminisced about my dad and her Don who were longtime friends. She and Don were such great examples to me and I will never forget her friendship and love. What a great example she was.
