I send my Love and sympathy to the Family. Milton and Anna have been our close friends for more than 70 years, We have fantastic memories of our families spending vacations in the Catskills and at our house in Brentwood. We were blessed to have this relationship with them and although losing Milton is a great loss, He and Anna (Boutchydoll) need to be together forever. Paul and Milton have been friends since Milton moved to Brooklyn from Puerto Rico as a teenager their friendship was very strong and as a result our families were strongly connected. RIP Milt . I love you and your Family always. Dottie

Dear Lisa, I was so sorry to hear about the loss of your father--and your mother, so close together. What a year, what a year. This is a beautiful obituary, and Andy told me more about your dad: obviously a thoughtful and dedicated man, energetic until the end! Still, I am so sorry for your losses and hope that you're getting all the strength and support you need from all the loving family and friends you have around you. Hope to see you next time you're in New York City. Warmly, Lynn Harris
