

Nancy Brown Parker

July 3, 1945 ~ October 10, 2025

I am so sorry Howard for Nancy’s loss but for what you both endured..may peace surround you both…I just learned of Nancy’s death and sent you a text message…with thoughts and prayers I remain your friend

- Paula Peterson

Howard, I am sorry for your loss. I know the last few years have been difficult. I cherished Nancy’s humor, directness and lack of patience for fools. She was indeed a very bright and guiding light. I have and will miss Nancy but I am grateful her suffering and being a held a prisoner by her own mind is completed. I will hope to see you in April.
