Grandma, you are the greatest love of my life. If I am good, it is because you are good. If I have shown kindness, it is by your hand. If I have loved, it is still incomparable to the love you gave me. I am nothing without you. I am forever adrift without you by my side. Thank you for my life. You are my first memory. You are my most treasured memories. If there is a life after this, I hope you will be the one to greet me--even if I don't make it to God's sacred hall with you. I love you--you know that. I love you--you know that. I carry you in my heart until next we meet. Love, Your Laurie

My sweetest friend, my ❤■ heart is feeling sadness to hear of your departure to the next step onto the eternal path til the resurrection. You are an example of hard work, I remember you sweeping at Paschal St., often with a little

child which you tended with a broom or rake in their little hands helping you. You have been a cherished frien for so many years, we called each other friends of understanding having similar challenges. Even into your nineties you were always so beautiful and tastefully dressed with lovely jewelry on. I will miss you and your strong and tender presence. May your family be blessed at their time of grief, you will truly be missed. With love, Sister Darlene Pedersen
