

Keith Stoddard

January 26, 1932 ~ March 2, 2025

Keith Stoddard and his twin sister, Carol, were born in Great Falls, Montana, on January 26, 1932, to James Lehi Stoddard and Anna Lillian Liljenquist Stoddard. He passed away peacefully on March 2 in Provo, Utah. As a child, Keith moved with his family to Hyrum, Utah, where he was raised with love, hard work, and the support of great family and friends. He served for four years in the United States Air Force during the Korean conflict. On August 5, 1954—six months before his discharge—he married his high school sweetheart, Carol Bailey, in the Logan Utah LDS Temple.

After completing his military service, Keith earned a degree in Electrical Engineering from the University of Utah. He began his career at Sperry Utah Engineering Lab before later working at BMA Data Processing. Eventually, he and Gary Warner founded Image Printing, where they worked together until retirement.

A lifelong member of The Church of Jesus Christ of Latter-day Saints, Keith faithfully served in many capacities. After retiring, he and Carol dedicated nine years as Church Service Missionaries at the Family History Library in downtown Salt Lake City.

Above all, Keith was a devoted family man who cherished time with his wife, children, and grandchildren. His sense of humor, positive example, listening ear, love, and unwavering support blessed our lives. He lived with humility and integrity, and we are deeply grateful to call him our Dad and Grandpa.

In their final years, Keith and Carol resided at Legacy Village of Provo. As a family, we extend our heartfelt thanks to the remarkable staff for their compassionate care. Mom and Dad loved you!

Keith was preceded in death by his beloved wife, Carol, his parents, and his ten siblings. He is survived by his children: Julie (Richard) Pratt, Curtis (Nancy) Stoddard, and Sharon (Curt) Holman; along with ten grandchildren and ten great-grandchildren.
