

Carol Schleckman Brophy

June 15, 1940 ~ November 6, 2023

Mrs. Brophy = one of the best things to ever happen for UTA and for me personally - my forever friend - I Love You

- Gayland Moffat

Carol was our administrative assistant in the traffic department at IML Freight. Along with being a tremendous asset as an employee she was simply just a great person to work and associate with. She is indelibly written on my memory as an example of what a really good person exemplifies.

I am Becky Wilson, the daughter of Mary Ann Meese (Schleckmann) and Fred. I remember Carol and Dian and the many stories of Uncle Karl. My best wishes go to you in this time of loss. I will look forward to seeing her again (and Uncle Karl) when we meet again on the other side. I love you, Carol.

- Becky Wilson

My condolences on the passing of Carol. AKA Brophy. I became fast friends with her while working at UTA, and even after she retired, we kept in contact and had occasional lunches with other retired UTA friends. She would politely snatch a french fry from my plate. Carol would call me and wish me a Happy Birthday, something I will miss hearing next week. I'll be making a donation to Shriners Hospital for Children; it's something I do for my loved ones instead of flowers.

I am so sorry to hear of Carol’s passing. She was an amazing and strong lady. I have wonderful memories of her. Sorry for your loss

- Cindy Medford

Many treasured memories, all my love and prayers to you at this time. Your mom & I had some very enjoyable times, I will think of her often.

- Steve Brophy

Carol was such a kind, compassionate, genuine human. I am a better person for the unconditional love she gave me throughout our many years at UTA, and after her retirement at the lunches with her, Sherry and I. What a beautiful person, with a beautiful soul who gave me love and laughter.

- Cherryl Beveridge

Your mom added joy and fun to my life working down the hall from her at UTA. I was one of the lucky people she touched with her life. May her memory bring comfort to you all.

- Betty Shirley

I am sorry for your loss. I enjoyed a few "Lunch with Brophy" when I was able to attend. She seemed to make time for a chat and I appreciated her warmth and humor. Wendy Karsch.

I worked with Carol at UTA, and we became buddies. I loved her stories of working in Yellowstone (one of my very favorite places) and her practical jokes. She was a wonderful person!

- Bill Barnes

Our long time friend and neighbor, we will surely miss Carol. Her candid way of saying things and dry wit were always welcomed. It was difficult for us the last few years to observe nature making life a little more difficult for her to get around. Still, she endured and we are grateful for her friendship and being such a great neighbor. Our sincere condolences and love to Angela, Nicholas, Emma and the extended family.

- Dennis and Annette

So sorry to hear about this wonderful ladies passing, I worked with her for many years at UTA. She always had a smile on her face and no matter how busy she was she always had time to say hi how are you today. I'm glad I got to meet her .

- Veronica Espinoza

My condolences to Angela and family and Dian. Carol and Dian have been my friends for 75 years. Carol always had a wonderful sense of humor and an infectious laugh. She will be missed.
