Dear Hicks Children, I am sorry that I wasn't able to make your Moms service. She was the rock. I am so grateful for the parties we had at your home. She had strong beliefs and stood by them (in my world), She was a wonderful Aunt. I am sorry for your loss. Love, Angie

Carol and I were "backyard" neighbors. She was dear to me even though we did not take advantage of daily contact. Rides to RS Socials were special. I admired her so much and loved her. Her kindness and goodness shone through. The day I returned from a stay in a rehab facility, I realized she was moving out and was so sad that we didn't even get a goodbye hug. I have thought of her often through the past year - She was/IS so special. The obituary tells it all. Love to her wonderful family. Respectfully CLEO PS I was so enthralled by the pink hollyhocks. Another monument to my procrastination is that I didn't get any seeds!
