

Otto Hugo Foerster

March 22, 1920 ~ August 8, 2021

We are so sorry for your loss. Otto was very special to many of us on Alden Street and especially to our 6 year-old daughter, River. He never failed to greet her with a smile and of course his beloved fruit snacks every time she passed his house. My fondest memory of Otto will always be when River ran home and with much excitement exclaimed, “Mom! Otto told me that he loved me!”. He will be dearly missed.

Grandpa Foerster is a legend. What a kind man, devoted to his family. I remember he and Grandma Foerster stored my piano for me, and provided me with luggage when I left on a mission. Always thinking of others. I know there are joyous reunions in heaven right now, and undoubtedly he is already hard at work on his next assignment. I will have to watch on Zoom, but my love to all the family. ❤■ Cathy

The last member of an amazing family has finally joined the rest. What a celebration there must be! We were saddened to hear of Otto's passing, only because it has been a while since we saw him, and he was always fun and interesting to visit with. The amazing speakers at the funeral reminded us of that; even Gert. We love you, Gert. What a great and wonderful family he has left behind! The funeral was beautiful and befitting of him and we were so glad to share that time with you, though unseen. We were sad to miss being there, but we are both just coming out of quarantine from having Covid. Our love and prayers are with you. Richard and Lorraine
