Aunt Paige we will miss you greatly. It was nice being able to see you a few times over the last couple of years at the reunion at Howard and Jeanettes place. We love you.

Our hearts are with you at this time. What a great blessing it is to have each other. What a beautiful legacy left here on earth. Love always and all way.

We watched the service. That was a nice service. I feel like your Mom would have seen it and she would have liked it. I loved your family so much. I was really looking forward to seeing and talking to each of you. I know I will think of your mother and want to call her in the near future. I don't have her number where she is right now. I will miss her so much, we have been friends for a long, long time. You kids were her world. We talked about our kids quite a bit. Our grandkids and great grandkids and how much we loved them and what was going in their lives. We talked about everything. I'll truly miss that. We knew a lot about each others lives and the kids and what went on. When ever we talked to each other we would just go on from where we had been in the last conversation. It was awesome. I saw Tricia's picture and I could see Paige in her face. When we are going to Salt Lake I may call and see if anyone of Paige's family is going to be around then. I wish you all well and hope your dreams for the future come to pass. Love, Ruth Thompson and Chuck 970 624 7839
