

Carole Lynn Stevens

June 2, 1948 ~ July 7, 2022

I'm deeply sorry to hear of your loss, and I hope Carole has found peace. I didn't know her, but my son goes to Xavier. I'm so grateful that her vision and joy of teaching had such a huge impact on the community, it's children and the culture that lives on Xavier. My love and gratitude, Jennifer

Carole was always fun and easy to be around... I met her in 1967 in Up With People during the international summer conference in NY. We maintained our friendship over the years starting while she was at USC and I was privileged to sing at her wedding. She was a true bright spot with a big heart and contagious laugh. Her passion for children almost goes without saying. Along with many others, she was a gift for which I'm grateful.

We always have a smile and a light in our hearts when we think of Carole. So sorry she is gone too soon. Blessings to you and the family.

I just so loved your mom! She was there for me in a really hard time in my life! She showed me how important it is to love unconditionally and through the difficult times. I am sad to hear of her passing but so thankful for the freedom she is living in now! Hugs to her family and friends. She will be greatly missed!

Mom, I thank the Lord that you got to be a part of our wedding 4 years ago and that I got to dance with you:) Rachael loved each and every moment she spent with you and fondly remembers your trips to get coffee every day:) Thank you so much for being the best mom a son could ever ask for. You never gave up on me and I am a better person because of you:) You helped teach me how to love unconditionally and you and dad showed me what a real, loving marriage looks like:) Thank you for going to all of my sports games growing up and especially for being there when I got hit in the head with a pitch when I was in 3rd grade and taking me for ice cream after:) Thank you and dad for all of the trips to Dodger stadium and Disneyland growing up:) Rachael and I are keeping our family love of Disney alive:) Also, please don't worry about Charlie. He is laying here cuddling me now and Rach and I love him with all of our hearts, but that love is nothing compared to the way you loved him:) Having him here makes us always feel close to you:) We want you to know how much Moxie and Kione love and miss you too! Thank you for always watching Moxie so we could go on trips or attend sporting games out of town:) She loved her time with her grandma and I remember how it seemed like she would rather spend time with you, than with us when we were all around:) Kione also will always remember the love you showed him, especially when you let him and the other dogs play in the water on hot days:) We Miss you and we love you very much and we know you and dad are watching over us and the dogs forever:) Until the day when we are all together again:) Love ♥■♥■♥■, Phillip, Rachael, ■■Charlie, Moxie and Kione■■♥■♥■♥■
