November 15, 1984 ~ November 20, 2023

I worked with Parker through Alpha for 4 years and it was always a pleasure to talk to him. He was very passionate about his work and truly loved talking about his family. He will truly be missed. My heartfelt sympathies to his family. May He rest peacefully and pain free.

Thank you for showing me&mine love and compassion. For being unselfish and genuine. For welcoming us into your family. I wish only that I could be half of what you were about. I pray that your soul has peace and calm; that God wraps his arms around your family and keeps them safe with memories of you. We love you. Love Always, janice&kids

There is so much to be said for this incredible human. We shared so many beautiful memories together and his friendship was unparalleled. Throughout our friendship regardless of the time that went on or the various moves between both his family and ours he always found and made time to stay in touch. I was so grateful for that. When my faith was tested he helped me. Parker was a great leader, caring father, and an incredible friend. He was a happy, kind, jokester that could make anyone’s day brighter. He was loyal and provided unwavering support to his family, friends and all of those who knew him. He had a wittiness and humor that could light up a room of strangers and easily go from acquaintances to friends. It’s evident he had such a profound impact on those who knew him. I’m forever grateful for the time we were able to share. I’ll miss him so much. Sending my deepest condolences to his family.
