My sincerest condolences. I have heard many great stories with you and your son Jake. May you rest in peace.

Your cute has been my friend for a very long time, we loved going to dinner with your mom and Dad. And your dad was a great coach. One of my favorite things was when your mom and I went to the Salt Palace during the deer hunt and watch a group of dancers. We had a great time. I loved your mom's kindness and her beautiful talents with wood and especially her beautiful quilts. I am so glad we went to a movie last fall together. I will always be touched by her tender compassion. Your mom and dad have taught you kids well and have left you a great legacy to live by. I know her grandkids were her a huge part of her and she adored them all and very proud of them.

Since middle school, Pat has been a part of my life. She and I shared many adventures and joined the church the same summer She was a dear friend and will be missed But now she’s on a new adventure and we will all be together again So while we miss her, it’s only temporary She’s gone on ahead to scout out the terrain

Josh, Jake, Genny & Jamie -- the services for your mom were wonderful and just what she would have wanted. I am sorry I was not there in person but thank you for putting it on Zoom so I could sort of be there. I loved working with your mom in the Primary presidency for two or three years. She always did everything with so much creativity. I will never forget the quilt square she made for Brandon before he left on his mission. She decorated that square

with all things Halloween. I am sorry for your loss and happy for her -- and a bit jealous too. I know she will be watching over all of you with so much love.

I have not been on the computer for a bit and just read the obit of your Mother passing. Pat's Grandmother, Mrs. Frank Holt and my Mother were sisters. My Mother was Opal Puckett Hines. I connected with Pat on facebook and eventually we parted ways, but I always enjoyed our "talks". I am so sorry for all of your loss. May she rest in peace and happy heavenly birthday today Pat.
