We are so sorry for your loss. Your sweet mom was so loving to my aunt Marlene and her kids over the years. Sending so much love and comfort your way.

I lived a few doors down from Pat for several years along time ago. She was one of the most Christlike loving kind people I have ever met. Heaven has certainly gained an angel! To her dear family. I am so sorry for your loss. I know she will be greatly missed by many May God be with you all until you are reunited with this wonderful woman.

- A former neighbor and friend

To my amazing and wonderful auntie… Thank you very much for being one of the strongest positive influences and lights in my life. Thank you very much for always having a warm hug, the biggest heart, the tenderest smile and the sweetest words of encouragement and for always being my ready and able dance partner. Thank you very much auntie, for everything you have done and given to all of us that we're blessed by your support, grace and your heart. You are and will always be a shining light for all of us. Rest well my dear auntie. We will dance again, one day.

My deepest condolences on Pat’s passing. I was just reminiscing with my husband on the fond memories of working together with her during my 20 years at Weider/Schiff/Reckitt. She was such an amazing, caring and generous woman. I have often referred to Pat as the nicest and most genuine person I’ve ever met. She went so far beyond being a loyal and dedicated employee, and was truly the ‘face’ of the company. She greeted everyone with her caring smile and cheerful attitude that just got you off to a good start each day. Pat was adored and thought of like everyone’s grandmother at work. She remembered your birthday and gave personalized cards to show how special you were to her. She even continued to do this after she retired and would stop in the office to brighten our day. She was also an amazing baker and would share her delicious muffins with our team. We were so grateful to have Pat working with us for as long as we did and her legacy still lives on. She inspired others to be a better version of themselves just by her example. I personally am so blessed to have known Pat and will always remember her fondly. May she rest in eternal peace with her sweetheart, Don.

Pat was a wonderful Sister-in-law and the whold Birrell family loved Patricia. I grew up with Patti and Leslie and remember Jeff as a baby with all that long blond hair on top of his head, such a cute baby. We always had a good time with Leslie and Patti, Don and Pat would take me to Christmas events when they were going. They were always concerned about me. So sorry family your mom almost made it to Grandad Birthday April 16, 1903, Don Passed on Dad's Birthday as did Dorothy Birrell-Barrett. I shall mIss Pat at the family parties she was always so nice and appreciative of anything one did for the family. Pat is with Donald now and I am sure the whole family on both sides are there to greet her. May my Neices and Nephew feel peace of mind that she is in good hands with our Heavenly Father and her family and loved ones. I send my love to you all Uncle Lawrence W. Birrell now age 78

Pat was the most pleasant and kind person to greet you when you came through the doors at Weider Nutrition. I would travel to Salt Lake City a couple times a month for meetings and she never forgot my name and always made me feel welcomed

- Craig Smith

Pat was always such a welcoming and kind person every time you came through the doors at Weider/Schiff nutrition. Truly one of the nicest people in business I had a chance to work with during mu career. Thoughts and prayers to your entire family.
