Claudia, Kristen, Anne, Janice and Jenny, A wonderful era in our life has come to a close with the passing of your mother. Your father and mother have been our mentors, examples and dear friends since our association in the University Fourth Ward Bishopric about 60 years ago. We have always enjoyed our interaction and discussions during all of this time. Even since Neil passed our yearly visits with Carolyn were a delight. We loved them both and can think of no finer people or friends in our lives. Carolyn will truly be missed but know she is now with Neal continuing to serve the Lord.

It has been more than 70 years since we formed our study group in our small basement apartment at 69 S. 8th E in Salt Lake City. But even before that, we knew each other in Portland, Oregon. Carolyn and Niel were dear friends, amazing human beings--Carolyn was spunky, brilliant, honest and forthright in all situations, and I dearly loved her and always will. I have been thinking about meaningful conversations on the phone from time to time, remembering one night when we sat together in the temple--oh, so long ago--as well as countless other times. I will miss her, as we had infrequent but special telephone chats occasionally--none recently, however. Too much time has passed since she drove here with lunch and we had a person to person, heart to heart talk. Farewell, Carolyn, till we meet again Donna Smart
