Carrie, you will be missed. We lost touch the last few years but you were one of my friends for more than a decade. I remember you telling me the story of the crickets...that was hilarious. I remember visiting you at the hospital and you cracking jokes while there. I am sorry that we lost touch but I know you will be remembered as a fun, loving, and kind person. A Hui Hou, Kala

I'm going to miss her her silly attempts to teach her how to take better selfies to increase her chances of dating. We could make each other laugh effortlessly. I was always that one guy friend that loved to see her smile and be her silly self. I'm gonna miss her my thoughts are with her boys. I loved how she expressed her undying love for all of them. Those that knew her are forever blessed and thankful she will always be one of the few women I could call on for small talk and entertainment. I miss you Carrie...
