

Pauline Richardson Ballif

September 25, 1933 ~ October 16, 2025

Aunt Pauline was one of the strongest women I've ever known. She took care of so many people in her life. These people came first in her life. I've admired her wisdom, intelligence and non judgmental love. A bit of my heart goes with her. Love to her family!

My beautiful friend Paulene. You touched my life with your love of the gospel, your optimism, brilliance, kindness and love of others. I will fondly remember you calling us the "field people". I love you dear friend. Love Laurie

Although I did not have the privilege of knowing Pauline personally, it's clear from the words shared and the love surrounding her family that she was a truly remarkable woman — one whose kindness, strength, and grace left a lasting impression on all who knew her. To Melinda and the entire Ballif family, please accept my deepest condolences for your loss. May you find comfort in the beautiful memories you hold and in knowing that her light and love will continue to live on through each of you. With heartfelt sympathy, Libby

Pauline was such a wonderful neighbor! She was consistently gracious and composed, even under difficult circumstances. We remember the lessons she taught and the positive influence she was for so many of us. We extend our condolences at her passing, but rejoice in he example and legacy she leaves behind.

I was concerned when my Christmas card came back. I was hoping this wasn't so. Google sometimes tells us things we would rather not hear. Pauline helped me with our mutual family history, even sending an original photo of great grandmother Rachel with her brothers. We met once in 2017 when I went to SLC for a conference. It was a joy to meet her in person. My condolences for your loss.
