
Ralph Oscar Carlson

October 24, 1934 ~ December 18, 2022

I will forever remember Uncle Ralph as a gentleman, especially to my mom, his sister. Lots of memories, and family. Fun. My love to all his family, ❤■❤■❤■ Love you Ralph❤■

- Lisa osborne

My deepest condolences go out to you and your family.

- Salomon Mizrahi

What we loved about Ralph was his beautiful singing voice. He was always a true friend that we could count on. We had many fun times with Ralph and Susan going to dinner, playing games and having them come up to our summer home in Heber, Az.

- Perry and Loraine Glover

My deepest condolences to his family, Ralph, you always will be remember as a Excellent father, husband and my best boss a ever had in my jobs, we will keep you in our hearts, we love you and miss you: Rafael & Janeth.

- Rafael Andrade

I have never forgot my brief time with Ralph in Calgary, Alberta Canada. In the early 1970s I met Ralph as a result of a Job interview for a firm called Terracor from Salt Lake City. Ralph was appointed Manager for there office in Calgary. I was a very young man who had been in sales with MGM Studios.Canadian office. They downsized and I needed a job. I went to an employment firm and was told I was too young for the job. But I loved what I had heard about the fabulous golf and water communities Terracor was building. I was a fairly successful athlete with a love for golf and the lifestyle. I knew I could sell it. I found the address where Terracor was setting up office. I got dressed in my best and went without appointment and introduced myself to the secretary and Ralph was not there.

So I sat for 3 hours waiting and learning about Ralph and Terracor and met a salesman Al Fredo. Learned a lot. Ralph finally arrived and in his wonderful way welcomed this kid into his office for an interview. He saw something in me that I did not know I had and we really hit it off. I was looking for work and had a job offer from the Bank the next day. I told Ralph about it and that if he wanted me I needed an answer quickly. Ralph said he would think overnight and call me. The pay was a lot better and I really liked Ralph. So I waited answering the Bank and went home to tell my wife. My mother in law was at our home with my wife and my new 2 year old. I told my wife all about it and my mother in law said I was a fool for even considering it. With that I wanted it more. Just then Ralph called me he was driving back to Salt Lake but said he would be back soon and get me a letter confirming my hire. Ralph came back. I got my letter and was hired on. That's when the most magical times of my life happened. Terracor took us all to the US and we spent a few weeks learning all about Las Vegas, St. George, Salt Lake, Bloomington and the fabulous ski areas. It was Amazing! We all came back super excited to start selling these fabulous properties and that's when Terracor experienced a recession. We were dehired on a very favorable package but the disappointment was immense. I so loved this opportunity Ralph gave this kid. I never forgot him! I came back to Salt Lake many years later. I was very successful in real estate and wanted to let Ralph know that this kid did work out like he thought. I even brought my family to Park City skiing where Ralph and his family were living in a beautiful log home. Memorable time again! Ralph showed us the largest log home, well mansion, that he and friends were building. I remember I called him when he was working for Art Linkletter retirement project.
